

Montego Bay™

by K-Z

Make Every Day a Vacation.

Montego Bay™ by K-Z

Just like its namesake - you can anticipate great times as you make every day a vacation and enjoy luxury accommodations wherever you go.

The living room features a 27" color TV, optional electric fireplace and dual lounge chairs that complement the sofa.

Neo-angle fiberglass shower

Gracious and spacious

Attention to detail and the rich look of cherry

For a décor on the lighter side you'll like our natural maple interior which exhibits all the enduring qualities of fine residential style cabinetry and trim. In addition the color coordinated accent fabrics set the stage for you to add your own personal touches for all the comforts of your new "home away from home".

Multiple side slide-outs enhance your living space.

The 8 cubic foot capacity refrigerator sports a raised panel front. Storage is built in and well organized, providing an abundance of work space.

Montego Bay™ is designed, engineered and built to meet the higher standards of today's extended-stay RV travelers.

All the frills are here...

Relax and prepare to retreat to the queen, or optional king, size bed that awaits you tonight and every night to come.

NOTE: This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner's Manual for complete loading, weighing and towing instructions. All weights may vary.

2X2 WARRANTY – The K-Z 2x2 Warranty is a manufacturer's warranty. Each K-Z product is warrantied to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local K-Z Dealer or visit our web site at <http://www.kz-rv.com>.

VEHICLE LOADING – Every effort has been made to provide the greatest number of options for the recreational owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.

UNLOADED VEHICLE WEIGHT (UVW) – The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

GROSS VEHICLE WEIGHT RATING (GVWR) – The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVRW is equal to or greater than the sum of the UVW and the NCC.

NET CARRYING CAPACITY (NCC) – The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart above. K-Z affixes a weight label to each new RV which lists weight information for that vehicle.

*A Reputation Designed and built on
Over Three Decades of Experience.*
