Lightweight Travel Trailers

*“Together”...
Discover More!*

Spree... perfectly expresses the special time you'll be sharing in this lightweight towable that exhibits the time-tested quality of KZ. Easy care, comfort and charm come standard along with many features and popular options. Available in two attractive decórs and your choice of eight floorplans there's a Spree awaiting- just for you!

The kids will love the rear double bunk with a privacy curtain. Convenient flip up shelf and plenty of storage for the linen essentials. A refreshing shower, at days end, awaits you in the spacious bath.

320BHS shown with Indigo decóré

Relax in style with this spacious floorplan that is as beautiful as it is comfortable.

The kitchen area features the clean contemporary look of brushed stainless steel as well as raised panel cabinets with mortise and tenon cabinet doors.

Living area entertainment center cabinet features plenty of base storage and the bedroom side of the upper cabinet provides an additional TV shelf.

- Tinted Safety Windows
- Outside Grill

Because it Rains!

We randomly test our KZ campers in our state of the art rain booth. Our rain comes from every direction so that you can rest assured your KZ camper will not leak.

2X2 WARRANTY – The K-Z 2x2 Warranty is a manufacturer's warranty. Each K-Z product is warranted to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local K-Z Dealer or visit our web site at <http://www.kz-rv.com>.

VEHICLE LOADING – Every effort has been made to provide the greatest number of options for the recreational owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.

UNLOADED VEHICLE WEIGHT (UVW) – The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

GROSS VEHICLE WEIGHT RATING (GVWR) – The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVRW is equal to or greater than the sum of the UVW and the NCC.

NET CARRYING CAPACITY (NCC) – The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart above. K-Z affixes a weight label to each new RV which lists weight information for that vehicle.

NOTE: This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner's Manual for complete loading, weighing and towing instructions. All weights may vary.
